

July/August 2021 Membership Update

We're excited to begin a new fiscal year with you! Like most not-for-profit organizations, FY20-21 was challenging from a membership perspective, for both the chapter and the organization as a whole due to the ongoing impact of the pandemic. The fiscal year ended on June 30, 2021, and our chapter had a total of 208 members. We began the year with 256 members. Throughout the year, 15 new members were recruited, plus an additional 17 reinstatements. These efforts were offset by 80 terminations. Almost all chapters were faced with similar challenges and ended the fiscal year with little to no growth. Currently, our chapter is ranked as the 6th largest out of 65 chapters in the country.

As we embark upon fiscal year 2021-2022 and return to more in-person events, please continue to contact colleagues you think would benefit from an FEI membership. There is no cost for them to attend our chapter meetings or virtual session as your guest.

I always welcome your questions, suggestions and membership feedback, and look forward together with you again this fiscal year!
