Summary

The Accounting Manager's role is to ensure the streamlined operation of the Accounting department. This position will work closely with the Controller to develop and implement systems for collecting, analyzing, verifying and reporting financial information, along with management of the Accounting Team. The Accounting Manager also provides administrative direction and support for daily operational activities of the Accounting department.

Essential Duties and Responsibilities

This list of duties and responsibilities is not all inclusive and may be expanded to include other duties and responsibilities as management may deem necessary from time to time.

- Responsible for monitoring general accounting practices, developing internal accounting controls, and advising management on matters of fiscal procedure and importance for the organization.
- Ensure accuracy and timely reporting of all financial information.
- Work with each direct report to establish goals and objectives for each year and monitor and advise on the progress to enhance the professional development of team.
- Manage daily accounting operations and ensure that there is a redundant process backup in place for every critical operation.
- Monitor and analyze department work to develop more efficient procedures and use of resources while maintaining a high level of accuracy/Assist in development and implementation of new procedures and features to enhance the workflow of the department.
- Evaluate and make improvements to accounting processes while ensuring that practices comply with Fox's accounting policies and applicable laws and regulations.
- Monitor emerging technology to determine ways to automate the accounting process without sacrificing accuracy and accountability.
- Support Controller with special projects and workflow process improvements.
- Maintain a favorable and collaborative working relationship with team members in all departments to foster an environment of trust and mutual respect.
- Enhance the organization's reputation by accepting ownership for accomplishing new and different requests; exploring opportunities to add value to job accomplishments.
- Update knowledge by participating in educational opportunities; reading professional publications; maintaining personal networks.
- Drive standards and best practices whenever possible and effectively foster a culture of engagement.
- Recommend new approaches, policies, and procedures to effect continual improvements in efficiency of operations and services performed.
- Other duties, projects and alternate assignments as determined by business need.
